ADF Database Capability Checklist

The capabilities of the database on which the datafeed is based will affect the data quality in the feed and the listings on Rightmove. Please advise us of the capabilities within the database you are working with, so that we can test more accurately for you and advise on any amendments required to the feed data file.

Please note – these are the **non-mandatory** fields in the Rightmove format – all mandatory fields/data specified in the spec **MUST** be included.

How many of the following are in the database you are working with?

▪ Features/Bullet points (please specify how many)

▪ Price Qualifier

▪ Lettings - Property Data Available

▪ Lettings - Deposit Amount

▪ Letting – Type/Length

▪ Letting – Furnished Type

▪ Letting – Rent Frequency

▪ New Home Flag/Indicator

▪ Image Captions

▪ Media - Floorplans

▪ Media – Property Brochure

▪ Media – Virtual Tours
