

Our Recently Sold Properties

What's this page used for: to showcase your recently sold stock to sellers. This tab will be hidden, so you will need to publish the tab in order for sellers to see your sold properties.

What to include: When editing the tab, a list of all your properties which have been previously marketed in the last 6 months will be available for you to include. You will need to manually mark-up which of the properties you have sold in order for your sold properties to be made visible to sellers. The number of sold properties you can display is unlimited; however they must have been sold within the last 6 months and have been sold by your branch. Please refer to our FAQ section at the back for more information on the criteria for which properties can be shown as recently sold.

The screenshot shows a list of three property listings. Each listing includes a 'sold' badge, a title, a price, a brief description, and a 'Leigh & White' logo. The first listing is titled 'Offers in Region of £230,000' and describes a 4-bedroom detached house. The second listing is titled 'Offers in Region of £230,000' and describes a 4-bedroom detached house for sale. The third listing is titled '£215,000' and describes a detached, 3/4 bedroom house with parking for 6 plus cars.

To make a sold property visible to sellers, you will need to confirm you are the agent that sold the property.

The screenshot shows a property listing page with a confirmation dialog box overlaid. The dialog box contains the text: 'By making this property visible within the "Recently Sold Properties tab" you are making an unambiguous statement in your advertising on Rightmove that you are the Agent who was the effective cause of the sale by introducing the buyer(s) who then proceeded to exchange of contracts.' There are 'Cancel' and 'I sold this' buttons. The background shows a property listing for 'Offers in Excess of £300,000'.
