

Testimonials

What's this page used for: to showcase current client testimonials to potential landlords and tenants.

What to include: choose recent testimonials which really highlight your service. Landlords tell us they want to see recent testimonials, so make sure you include the date of the testimonial too. Keeping your testimonials regularly updated demonstrates to potential clients how active and impressive you are.

Editable introductory section. Simply click to add and change text.

Click to add a new testimonial under the relevant landlord or tenants headings.

The screenshot shows a web interface for managing testimonials. At the top, a section titled "Recommended by 6 people" has an "Editable introductory section" callout pointing to a text area containing the text: "The following are all real testimonials from landlords and tenants we've worked with. We can provide original written copies on request or, with their permission, happily put you contact with our clients themselves." Below this is a "Landlords" section with three testimonial entries. Each entry has a "Testimonial" callout pointing to the main text and a quote snippet callout pointing to a quote box. The first entry's main text is "The best agent I've ever worked with! Johnston and Rankin were always happy to go the extra mile. Would recommend to anyone!" and its quote is "Best agent I've ever worked with!". The second entry's main text is "I was very impressed with this agent's level of service. Recommended." and its quote is "I was very impressed". The third entry's main text is "10/10 - friendly, professional and driven." and its quote is "Click to add a key quote". Below the "Landlords" section is a button that says "Click to add landlord testimonial". The "Tenants" section follows, with one testimonial entry. Its main text is "We had a really good relationship with Johnston and Rankin. They were friendly and always responded to our queries. Recommended." and its quote is "Very friendly". Below the "Tenants" section is a button that says "Click to add tenant testimonial". At the bottom right of the interface are "Cancel" and "Done" buttons.

OPTIONAL: click to add a new quote snippet. Choose 4-5 key words from the testimonial which really sum you up!
